

BUPA PARTICIPATING HOSPITALS

Important note:

This facilities list is updated and changes from time to time. It is only valid up to and on the date that we provide it to you. Members are advised to call us before arranging or receiving any treatment, to confirm the facilities they are entitled to use. If a Bupa scheme is part of the Bupa Open Referral Service, then members must always call us before arranging or receiving any treatment, so that we can provide a choice of facilities that are available to use under the terms of the scheme.

Bupa has taken the care to select and form agreements with a network of quality hospitals in the UK. Bupa members can feel reassured knowing these Bupa participating and partnership hospitals are committed to Bupa's excellent standards.

If you need to make a claim

It is essential that you call your Bupa helpline to let us know of any treatment or consultation that your GP recommends, and again if your consultant recommends treatment. We will be able to confirm your cover and the benefits available to you.
